# The Huntress Report

the six man weekly

October 28, 1994

\$1.50

As a fan of six man football (especially one who lives so far from where the games are played), I had trouble finding out how teams were fairing around the state. Also as a graduate student in statistics, I had been trying to work out a formula to create computer generated power rankings of the teams.

First I created the Huntress Six Man Rankings which appear in various newspapers across the

state. The problem is many papers don't have the room to reprint the entire list. It was because of this and the interest I received while traveling across the state that I saw a need for a newsletter that kept fans everywhere up to date on the action throughout Texas. I plan to produce this newsletter, complete with rankings, all district standings, every score across the state, and other interesting features all next season. I welcome any suggestions and hope you enjoy it.
